August 26, 2019

Ramsey's Farm offers a hands-on educational field trip experience for students of all age groups. Students will have the opportunity to meet the farmer, learn about the farm, how plants grow and the process by which food ends up on the table. The educational experience centers around the pumpkins, of course, and students will learn about pollination, soils, irrigation and the different varieties of pumpkins available to the farmer.

**\*\* New for 2019 Ramsey's Farm has added Spookley the Square pumpkin and its anti-bullying program to our farm program and our sorghum maze. Travel our 2 acre sorghum maze and read the Spookley story and answer the questions with the students about acceptance and anti-bullying. The story is told through 20 signs along the maze trail.**

**\*\* Also new for 2019 we have expanded our farm animal station. We have 4 species of farm animals including goats, sheep, chickens, and a mini horse. One of our farm helpers will teach the students about how each animal helps on the farm.**

Kids will love our new challenging 10 acre corn maze, the 2 acre sorghum maze or our hay bale maze. Each maze allows for students to enjoy the farm, go for a walk that promotes physical fitness and have fun twisting and turning their way through the maze and learning about how food comes from the farm.

Students will enjoy a tractor drawn hay ride and each student will visit the pumpkin patch to pick their own sugar pumpkin. The typical field trip will last approximately 2 hours and you are welcome to bring your lunch or a snack to have while you are on the farm.

The field trip is appropriate for Pre-k through 4th grade, older students will participate in an age appropriate farm program as well. The cost is \$8 per child and chaperone. Teachers are free on groups of 15 students or more. Payment is expected when you arrive at the farm. **We accept cash, checks and credit cards (for groups not individuals).**

**When you are making plans to visit the farm, please make arrangements for the buses to stay at the farm while you are on your tour. We do not have the facilities to accommodate students in the event of sudden bad weather.**

Reservations are currently being taken for our field trip adventure. Please visit our website at [www.ramseysfarm.com](http://www.ramseysfarm.com).
